DEPARTMENT OF KINESIOLOGY

Department Chair: Joe Wooderson
 Office: Jane and Ken Meyer Wellness and Sports Center - (417) 328-1772
 Faculty: John Hinsley and Paul Putt
 Faculty Associate: Gina Whitehead

Mission Statement

To prepare students to glorify God through maintaining healthy lifestyles and lead others in the pursuit of wellness attitudes and activities.

Physical Education

Recognizing that mental cognition and efficiency is dependent upon organic health and vigor, and with the philosophy that training and development of the body should be as systematic and thorough as training of the mind, programs for individual and team physical enhancement are offered in health and physical education. Fundamentals of sports and athletic skills are taught and opportunities for participation are provided through various physical education programs. This program leads to Missouri teacher certification in grades K-12. Students desiring to pursue a career in a sports related area other than teaching may pursue a major in Sport Management. A physical education major must pursue a course of study that leads to either the bachelor of arts degree or the bachelor of science degree. Enrollment in upper level education courses by all students seeking State Teacher Certification is limited to those students who have a cumulative GPA of 2.75, a GPA of 3.0 in physical education coursework, a GPA of 3.0 in professional education coursework, passed all state required assessments, completed their file in the Office of Teacher Education, and been approved by faculty in the Department of Kinesiology and the Department of Education. A person fulfilling degree requirements may be eligible to graduate with or without teaching certification. (Please see Department of Education – Bachelor of Science Degree Certification in Content Areas, Grades 9-12, K-12.)

Prelaw

The Association of American Law Schools does not recommend a specific prelaw major as the preferred background or preparation for law school. Therefore we do not designate any specific major or minor for students who anticipate attending law school. However, some of the majors and minors typically chosen by prelaw students are political science, business, history, education, English and speech, although any challenging area of study would be appropriate. The

Department of History and Political Science offers a special Prelaw seminar [POL 210(1-2)] for students who are planning to go to law school following graduation. Practice Law School Admission Test questions are given during the seminar along with other vital information regarding entrance into law school and other aspects of the legal profession. Entrance into law school is based on a combination of grade point average and scores on the standardized Law School Admission Test (LSAT). The Department of History and Political Science also offers academic advisement for students who are planning to go to law school following graduation. For further information contact the Department of History and Political Science.
